DEDICATION

This year the class of 1965 wishes to look back over its past four years in high school in keeping with our theme, From A to Z. In doing so, all of us can single out one person who is really tops in everything. This man is not only an excellent teacher, but also he is always ready to help out with anything about the school, or otherwise, with which we might need help. For these reasons, as well as for his unbounding sense of humor, we, the annual staff of 1965, sincerely dedicate this, our 1965 edition of the Yell-O-Jak, gratefully to Mr. Ted Bowen.

Eagerness to learn is one of the fine traits of G.H.S. students.

Fond memories of our high-school years will be treasured.

Grandstands are always filled with cheering fans.

Homecoming: a big game, an exciting game, and plenty of people.

Industrial arts are enjoyed by many students.

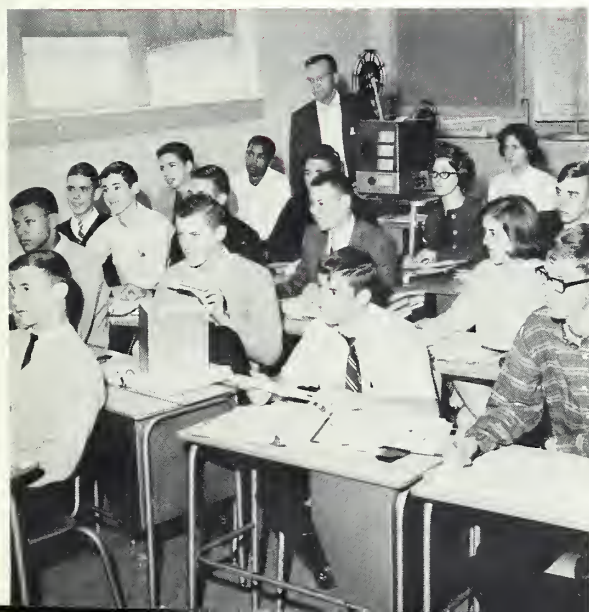

Janitors keep our building clean and neat.

Keep up to date on the facts of life by taking family living.

Learning progresses through the aid of films in physics.

Musical programs of excellent quality originate here.

A school year is a happy conglomerate of people, places, and events, good and bad. It contains cold mornings, irate teachers, ill - prepared homework, and exams. Fortunately, it is also blessed with warm fellowship, humorous situations, basketball victories, and a joy in the realization of worthwhile accomplishments. All of these things are parts of an educational process, for education is the general molding of mind and personality by everyday experiences. It is this broad scope of experiences that the 1965 YELL-O-JAK seeks to mirror in A through Z at Gibsonville High School.

DELENO FLYNN LEADS SENIORS

The senior year--the final year--and how wonderful it seemed to us. For us it was the last--the last game, the last pep rally, the last Junior-Senior, the last assembly. How proud we were as we came down the aisle for Awards Day. As we came down that aisle for the last time, we really saw for the first time all that had made up our high-school years. We looked back triumphantly, knowing we had conquered the first of many frontiers still ahead of us to overcome, for we were still very young.

G.H.S. SENIORS RECAPTURE

We, the Class of 1965, are now beginning to realize that our days at G.H.S. are numbered; but as we glance back on our past years, we will always appreciate the genuine friendships, the guidance, and the understanding of our faculty, classmates, and parents. They are the ones who have packed our four years with fun, excitement, challenges, tears, and happiness, and we are truly grateful.

As we, a group of ninety-five students, entered our Freshman year of high school in 1961, we traditionally took the title of "Greenhorn" Freshmen and along with it the colors of red and white; the motto of "Upward and Onward"; and the flower, the red rose. With the help of Mr. Cutler, Mr. Edgerton, and Mr. Shumar, we began to establish leadership by electing Myra Bailey, president; Eddie Schoolfield, vice-president; Deleno Flynn, secretary; and Lynda Lewis, treasurer, as class officers. Also, during that year, we participated in many activities such as football, basketball, and baseball, not to mention the beauty contests and various other things scattered throughout the year. In football that year we had many players representing us; but those that stood out from all the rest were Jim Bennett, James Frye, and Johnny Graham. With the support of Vickie Sutton and Vicki Bridges to lead and supervise our cheering, we began to excel in this as well as in other things, except for basketball. We did not participate in this sport at that time, but in baseball, we had James Frye, Johnny Graham, and Harold Billings. That year Lynda Lewis won the title of Homecoming Queen, and also Susie Bradsher represented us in the May Court. Joining and participating in various clubs such as F.H.A. and F.T.A. was fun, in addition. Then the year finally began coming to an end with the big event of the student-council election, in which Don Bateman of our class was elected treasurer. Graduation soon came and with it the appointment of marshals from our class; these were Tanya Apple and Myra Bailey. Finally, we said good-bye to our Freshman year with a weiner roast and a dance at the V.F.W. Hut.

Then, after practically three months of going to the beaches, the mountains, to dances, parties, and numerous other activities, we returned to good old G.H.S. for our second year of high school, taking the grand title of "Silly" Sophomores. We again elected our class officers consisting of Eddie Schoolfield, president; Tommy Howerton, vice-president; Lynda Lewis, secretary; and Deleno Flynn, treasurer. These officers represented our class well under the excellent supervision of our teachers, Mr. Bowen, Mrs. Isley, and Mrs. Hunter. The next major event on our calendar was sports, in which we participated even more and better than before. Showing outstanding quality in football that year were Delmar Tilly, Eddie Schoolfield, Eric Stewart, Rodney May, Jim Bennett, James Frye, Craig Fogleman, Deleno Flynn, Johnie Ingle, and Larry Gerringer. In basketball we had Norma Younger, Joan Haymore, Rodney May, James Frye, and Ervin Wilson. Finally in baseball we had Harold Billings, Johnie Ingle, Craig Fogleman, James Frye, Eric Stewart, Delmar Tilly, Dennis Jones, and Ervin Wilson. With the help of Lynda Lewis, Vicki Bridges, and Vickie Sutton on the cheerleading squad, the old G.H.S. crowds were stirred with pep and admiration for our glorious teams. That year Norma Younger won the title of Miss Snowflake and Lynda Lewis represented us in the May Court. Other than the addition of the Beta Club, for which Tanya Apple, Myra Bailey, Don Bateman, Susie Bradsher, and Vickie Bridges qualified, we joined the same clubs as the year before. With the announcement that our marshals once more would be Tanya Apple and Myra Bailey, and with our traditional class party (this time at the Rifle Range for a hamburger supper), we ended the year.

Then after another unforgettable summer vacation we returned to G.H.S. as "Jolly" Juniors. This was the year in which we really had to work; and we had Deleno Flynn as president, Johnie Ingle as vice-president, Delinda Busick as secretary, and Larry Gerringer as treasurer. Mrs. Montgomery and Mrs. Hunter were our homeroom teachers. This year four members of our class were chosen as junior assistants on the annual staff; they were as follows: Vickie Sutton, Myra Bailey, Eddie Schoolfield, and Don Bateman. Also, we were represented on the newspaper staff by Tommy Howerton. In sports, only a few other than previously mentioned participated; they were:

THE PAST.

Carol Michaels, Myra Bailey, and Jimmy Young in basketball; and Tommy Howerton and Jimmy Young in football. That year Vicki Sutton was assistant-chief cheerleader and Susie Jones and Lynda Lewis were on the cheerleading squad. Then came the magazine sale in which we broke the previous record set by the class before us. This money was to be used to help finance our Junior-Senior banquet. Soon afterward we successfully produced the Junior play entitled "We Shook the Family Tree," in which Johnny Graham and Myra Bailey had the leading roles. Finally our red-stone class rings arrived, but not quite in time to wear to the Junior-Senior banquet which was held at Swain's Steak House in Greensboro with the theme of "Moonlight and Roses." Later, the student council election was held in which Myra Bailey received the office of vice-president and Eddie Schoolfield, president. Then graduation time rolled around again, and this time we had Myra Bailey and James Ray as marshals and Tanya Apple as chief marshal. To end this eventful year, we were given a buffet supper and dance at the V.F.W. Hut by our room representatives.

Then after what seemed like a very short and enjoyable summer, we returned to G.H.S. to find ourselves being labeled as "Sophisticated" Seniors. We suddenly realized that this was to be our last year here, and that we must make the best of it. This year we elected Deleno Flynn, president; Eric Stewart, vice-president; Lynda Lewis, secretary; and Tanya Apple, treasurer. Under the leadership of Miss Livengood and Mrs. Lane, they served quite ably. Myra Bailey was chosen as editor-in-chief of THE YELL-O-JAK and Johnnie Ingle was associate editor. Their advisor was Miss Livengood. Tommy Howerton held the position of editor of THE BLACK AND GOLD, and Mrs. Lane was its advisor. Representing the class on the cheering squad were Vickie Sutton, chief; Lynda Lewis, assistant chief; and Susie Jones. Joan Haymore won the title of Homecoming Queen. Then later we elected Lynda Lewis and Vickie Sutton as Christmas Queens. We also elected our superlatives and presented the Senior play "When The Mice Are Away" in which James Frye had the starring role.

As I write this class history, I am able to foresee many new and different obstacles and choices before us. The nearest one in sight, however, is that of graduation from G.H.S., about which we will be both sad AND glad.

We, the Seniors of G.H.S. would like to extend our deepest and sincerest appreciation and thanks to our parents and teachers who have worked continuously throughout our lives to better OUR education and future. Without their help and guidance, our success--whatever it is--will not be possible.

THE SENIOR CLASS PROPHET

Being dean of a college is certainly not an easy job, and today at Harvard was no exception. As I was locking the door to my office, I saw one of my old school buddies from Gibsonville High come bopping down the hall. It was none other than Dennis Jones, the star of that famous singing group, Jones-zy and the Sea Gulls. We shook hands, and I unlocked the door to my office and invited him to come in for awhile. We sat down and began talking. Before I knew it, we had begun discussing what our old classmates back at good G.H.S. were doing now.

It seems that Faye Alcon and Shirley Fogleman have themselves a pretty good job. Faye is a secretary for the Jefferson Standard Life Insurance Company, and Shirley is a stenographer for a prominent business in New York.

Edwin Apple is the owner of a small 10,000 acre farm in the eastern part of North Carolina. Also, he was recently elected president of the Farmers of America.

Tanya Apple finally found a man. Soon after she graduated from college, she sank her fangs into Don Bateman, who is really dedicated to his work. Tanya works with him so they can be together more. Don, being very industrious, does a little extra work on the side. He is indeed a busy man.

Myra Bailey is now a nurse at Dix Hill, or at least that's what she says. There have been a few rumors going around that she is not a nurse. Just rumors?

Jerry Baldwin wanted very much to be a doctor. After he got in college, however, he discovered he couldn't remember all that stuff about lungs, hearts, and so on. He then changed from wanting to be a "people" doctor to studying to be a veterinarian. He is now one of the most famous veterinarians around and is loved by all the animals.

Ann Barber got so bored sitting home all day doing nothing that she joined the Navy so she could be with her husband and see the world.

Jim Bennett was recently appointed head coach of the Green Bay Packers. Many of the famous sports writers say that this is the year for the downfall of the Packers. Wonder why?

Harold Billings is now a great pitching star with the Yankees. He also has the name of being the "playboy of baseball."

Susie Bradsher and Vance Willet got married right after high school and are very happy. They have several children, and Susie stays home and cares for them all day. Vance is a mattress salesman, his only trouble being that he sleeps on the mattresses instead of selling them.

Melvin Brown, John Martin, and Jimmy Clapp own several race cars. Melvin does the mechanical work, John does the driving, and Jimmy doesn't do anything but collect and spend the money. Jimmy hasn't changed a bit, has he?

Delinda Busick and Betty Morefield are stewardesses for the Moon to Earth jet lines. Both are doing very well and like their jobs. All I can say is that it's different.

Gary Clapp is the new master of ceremonies on the "To Tell the Truth" show. Wonder if he practices what he preaches?

Deleno Flynn's dream has finally come true. A few months ago he gained a monopoly on all the shoeshine businesses in Gibsonville and is very, very happy.

Craig Fogleman is now a very prominent jeweler. "Fogleman's Jewelries" is known nation-wide. However, much of his success is due to his secretary, Joyce Johnson, who has helped a great deal with many of his business transactions.

Linda Fogleman is the owner of a small beauty shop in New York. It seems that the only customer she had to return again was Yul Brenner. Wonder why?

Larry Gerringer, who was very disappointed when his father sold "Larry's Place," now has opened up a small joint of his own. I hear that he has a small casino in the back. I'll have to visit him someday.

Right after high school, Johnny Graham moved to the mountains and is now hauling whiskey. However, he has not been making much money although business has been good. I wonder why?

Jo Ann Greeson and Joy May got married right after high school. Jo Ann has four children and doesn't have much time to get a job. On the other hand, Joy has a boy and is a secretary for her husband.

Joan Haymore also got married right after high school and is a house wife. In her spare time she is head of a committee which is trying to help promote better support of high-school basketball for girls. Is it worth-while?

Tyson Helms is the new owner of the Red and White food store in Gibsonville. Let's hope he does better than the owners of the past!

Since the retirement of Ed Sullivan last year, Tommy Howerton has taken over as master of ceremonies. He is showing great promise and could some day be very popular.

Mary Huffines is a very happy woman. Her high-school dream of a law allowing a woman to have two husbands was passed last year by Congress. Mary also writes a gossip column called "Mary Says" for a local newspaper in her spare time.

Johnnie Ingle is now president of Wachovia Bank and Trust Company. He is currently running for vice-president of the Bankers Union of America. Hope he wins!

Tommy Jobe decided to join the Army after graduation. He says anyone who enjoys being on KP three-fourths of the time would enjoy being in the Army. However, I don't believe just anyone would be on KP that much.

Susie Jones is now an actress and is currently appearing on Broadway. Her last movie was a great success, and she has gained great fame and fortune from it.

Ronnie Kellis just couldn't get away from the newspaper business. He is currently writing a daily article called "How to Be a Successful Paper Boy" for THE NEW YORK TIMES.

Lynda Lewis went to college and after graduation had more trouble than before she started. She took a course to be a legal secretary and now can't seem to find a job. You see, no one seems to want a legal secretary anymore.

Maria Lund got married right after school. Now, she is just like the old woman who lived in a shoe, for she has so many children she doesn't know what to do.

Rodney May now lives a very happy life. His job carries him from one end of Myrtle Beach to the other. He never does a hard day's work and always has a good time. Oh, by the way, Rodney is a "beach bum."

PROPHECIES THE FUTURE.

Carol Michael is owner and sole proprietor of a beauty salon in California. She specializes in turning hair green; nowhere else in the world can anyone get such a thorough job.

Don Michaels and Clay Shepherd are bus drivers for the Gray Hound bus lines. Their motto is "take the bus and leave the driving to us." I believe that I'd rather drive.

Vicki Moon has opened a dance studio in New York. She teaches all the popular and up-to-date dances, specializing in the "monkey." I think I'll drop in and take a few lessons one of these days, especially on how to do the "monkey."

James Ray is now a minister at a church in Greensboro. All his life he wanted to be a minister; and soon after college, he enrolled in a seminary.

Eddie Schoofield enrolled in college and was planning to be a seventh-grade math teacher. After the first semester, Eddie had to go home because of scholastic difficulties. The only thing that bothered Eddie was that he didn't understand how seventh grade math had got so much more difficult since he was in the seventh grade.

Beth Shockley is now the owner of a fashion establishment in Paris. A great deal of her success goes to her fashion director, Brenda Younger, who constantly slaves to help better the establishment.

Douglas Sockwell is a cowboy. He rides from one end to the other of his ranch in Texas each day. For the past few months he has been having trouble with rustlers. Hope everything turns out all right for him.

Eric Stewart has won a great deal of fame as a dragstrip racer. Next month he is scheduled to make a tour of the United States and show his car off to everyone.

Vickie Sutton is a very happy woman, being happily married and having four lovely children. Having a college education, she holds a very good job with a chance of advancement; however, there is another little one on the way.

Eva Tickle is now a cashier in a bank in Greensboro. She is very efficient, and any day now she is expecting a promotion.

It seems that Delmar Tilley tests cars for their durability for General Motors. If the cars hold up after the tests he gives them, I would say they are good cars.

Ervin Wilson runs a pool hall called "Wilsnooker's Smoke Shop." He is so dedicated and works so hard to improve his business that his customers call him Beaver, Jr.

Glenn Wimbish also has an established business of his own. His secretary, Kay Riley, really has her hands full. She not only does his legal work, but also most of his thinking, too.

Boyd Woods went to college in Durham and is now a coach at a high school there, where he is now in the process of coaching his team to their fourth straight football championship.

Jimmy Young's dream of taking over as basketball coach at Elon College finally came true last year. He is very happy, but he still dreams of getting the ditch-digging industry back on its feet in his spare time.

Norma Younger is now a professional bookbinder with the Bookbinding Corporation of America. In recent years, it has been said that she will always rank as one of the best bookbinders ever.

After we had "recussed" all of our classmates as seniors, Jones-zy said that he had to get back to his sea gulls. He said that Seamore, the group's leading vocalist, had the flu and that it was time for his medicine. I made him promise to have dinner with me before he left town, and then we said good-bye. I then locked the door to my office and hurried home to tell my wife about what had happened.

DENNIS SHEPHERD LEADS THE JUNIORS

When we became Juniors, we were given more privileges and more responsibilities. This year was very different and much more exciting than last We sold magazines for money for the Junior-Senior, attended the Junior-Senior, wore class rings, and drove cars. Familiar lockers, halls, and faces greeted us, and we greeted the underclassmen with an attitude of friendliness but aloofness . . . for now we were the upperclassmen, and there was only one year left until graduation.

SARAH CHILDRESS LEADS THE SOPHOMORES

No longer freshmen and feeling much older than a year ago, we began our sophomore year. Retracing our steps throughout the building that we now considered home, we gazed at the familiar sights and the bewildered, lost freshmen. Hours in the biology lab increased our knowledge of the functions of life, and our second contacts of life . . . for we continued to participate in our school's activities.

DAVID SLOOP LEADS THE FRESHMEN

As freshmen we were hesitant to accept our new roles. G.H.S. seemed strange and sometimes frightening. We were the "silly freshmen," and the upperclassmen never let us forget it. But we were a part of the school; and as the year passed, we became willing and eager to link ourselves with the school and its activities. Loudly we yelled, "We're from Gibsonville, couldn't be prouder," for we were happy to be a part of the world of Gibsonville High School.

Good lighting leads to better grades

When it's easier for young folks to see, it's easier for them to learn. For proper study lighting use at least a 150-watt bulb. Keep work surfaces free of shadows or glare.
